This postcard is a reminder about the current bond election – ballots for which were mailed to you on January 27, 2012. The bond proceeds will be used to fund a mandatory upgrade to the lagoon wastewater system necessary to meet the more stringent groundwater discharge permit limits that the Montana Department of Environmental Quality requires.

A **YES** vote for the General Obligation Bond will result in a mill levy of approximately **\$250.00** per year reflected on your taxes.

A **NO** vote means the General Obligation bond fails and the District will pursue the more expensive Revenue Bond. The Revenue Bond will be paid on the monthly sewer bills and will cost approximately **\$343.00** per year (or **\$28.60 additional per month on the sewer bill.**)

If this vote for a general obligation bond fails, the district will then be forced to finance through a revenue
